

NAME	Guitar Speaker Cabinet THC-212CV 125Watt 2x12"
KEY FEATURES	Celestion G12M-65 Creamback + Vintage-30 speakers high efficiency reliability durability
OVERVIEW	Very durable and reliable guitar column with a power of 125 W with a 2x12 " speaker, resistant to all kinds of mechanical damage.
FULL DESCRIPTION	The cabinet is covered with hybrid polyurethane coating. The coating is extremely resistant to any kind of mechanical damage which may occur during transportation as well as protects the cabinet against moisture. It is also very easy to clean . An additional advantage of the coating with the polyurethane elastomer is a sealing and reinforcement of the entire cabinet's structure, as well as increases the overall cabinet's lifespan.
