

<b>NAME</b>	<b>Bass Speaker Cabinet TS-112N (hc) 350Watt 1x12"</b>
<b>KEY FEATURES</b>	12 " SICA neodymium speaker minimum housing self-resonance high efficiency small dimensions durability
<b>OVERVIEW</b>	Bass column equipped with a 12 " neodymium speaker from the Italian company SICA. Multiplex housing and structural reinforcements guarantee minimum housing resonance. Perfect for stage and studio conditions.
<b>FULL DESCRIPTION</b>	<p>The TS-112N speaker cabinet is equipped with new generation neodymium drivers. The cabinet is built with multi-layer leaved tree plywood (multiplex). Internally the cabinets are specially reinforced with wooden partitions which connects all boards. This feature virtually eliminates cabinet's vibrations which cause energy loss and delay in response, simultaneously increases a presence and sounds response.</p> <p>All "Hc" Series cabinets are covered with hybrid polyurethane coating. The coating is extremely resistant to any kind of mechanical damage which may occur during transportation as well as protects the cabinets against moisture. It is also very easy to clean . An additional advantage of the coating with the polyurethane elastomer is a sealing and reinforcement of the entire cabinet's structure, thus eliminating undesirable vibrations as well as increases the overall cabinet's lifespan.</p> <p>The cabinet is fitted with SPEAKON + JACK (1/4") combo connectors and three-way tweeter volume control. All the cabinets are equipped with special assembly inserts for safe stacking of amp or other speaker.</p>
PARAMETRY	
<b>CATEGORY</b>	BASS CABINET
<b>NUMBER OF SPEAKERS</b>	1
<b>SPEAKER SIZE</b>	12"
<b>SPEAKER TYPE</b>	neodyme + Tweeter
<b>IMPEDANCE</b>	8 ohm
